This is an announcement for parents of 6th – 12th graders, and also college students.

There is a great opportunity this summer for Sunday School children to get involved in a large event that brings Sunday School students from all over the North East to learn topics about the Coptic Orthodox Faith and enhance their knowledge of the Bible and strengthen their fellowship and faith.

The event is called Mahragan Alkeraza - Annual East Coast Spiritual Festivity and is held in early August.

Sign up with no obligation. Sunday school servants will also be involved and encourage the students to prepare for the event.

Don't miss out on this opportunity, it only comes around once a year. And many who join find it very rewarding.
